Home Learning Challenges

Choose your home learning challenges from the grid below and upload completed work onto Google Classroom.
Your aim is to achieve a minimum of 20 points each week. You can also choose to complete your 'Chill Challenge' homework challenges.

6 Points	Write a letter to a member of your family that you haven't seen for a while or a local care home for the residents and post it.	Take a photo, or a picture from a magazine and cut it in half down the middle. Fill in the other side yourself.	Roll a dice four times to create a 4-digit number. Roll the dice another 4 times to get the next 4-digit number. Practice adding and subtracting 4-digit numbers using column method.	Invent a robot to perform really boring jobs you have to do. How would it work? What would it do?
5 Points	Create a book review to inspire a friend to read your favourite book. Add illustrations.	Design a space rocket which could take you to the moon. What would it look like? What would be inside? Who would go with you?	Make a puppet out of junk - use it to tell a story / myth about Cornwall which you have learnt to the rest of your family.	Learn what a Haiku is. Create a Haiku about your favourite hobby
4 Points	Create a time capsule to bury in the garden. Put objects / letters in there that will tell people about what it was like to live in 2020.	Choose a recipe and make something for the whole family to enjoy - try to weigh the ingredients yourself. It can be savoury or sweet.	Hold a mini sports day at home. You could do long jump, standing jump, target throw etc. Make sure you measure accurately in centimetres.	Learn a card game, a limerick or magic trick and teach the rest of your family.
3 Points	Learn how to tell the time on a clock with hands.	Learn how to do your shoelaces up by yourself.	Create a song or rhyme to help you learn your times tables.	Read somewhere different every day for ten minutes - where is the strangest place you can read?
