class	Godrevy
TERM	Autumn 2020
TOPIC	SPACE
TOTAL POINTS	

Take Away Homework!

Choose your homework from the menu below. the peri-ometer shows you the level of challenge. You need to reach a minimum of ten points to achieve your homework target for the half term!

6 Points	Create a papier mache planet or solar system model.	Build a bubble-powered rocket and video/photograph it for evidence! Use this website for instructions: https://spaceplace.nasa.gov/poprocket/en/	Write a poem about a planet or something you may find in the solar system. You may need to research information about a planet to do this.
5 Points	Build an edible space shuttle.	Be creative! Create a 'phases of the moon' display poster. Try to use different resources and materials to show the different phases.	Create a labelled diagram which shows what affects space has on an astronaut's body.
4 Points	Find out when the International Space Station (ISS) will be flying over your house and see if you can view it.	Be informative! Create a fact-file on our solar system	Get Active! Research how astronauts train to keep fit and see if you can try some of their exercises yourself. Take photos of your training mission.
3 Points	View the atmosphere through Google Earth. https://www.google.co.uk/intl/en_uk/earth/	Lookback in time! Create a detailed timeline of 'space firsts'	Learn how astronauts go to the toilet in space!
