E.g. The giraffe, who strode gracefully across the field with his long legs, wore a sad look on his face.            It splits the main clause.            The clause begins with 'who', 'which' or 'with'.            It must supply an extra bit of information to the sentence.            Commas should surround the relative clause.</p> <p><u>You can select whether you want to do the virtual lesson or the alternative task.</u></p>	<p>'The Write Stuff' virtual lesson link: 9.45am <a href="https://www.youtube.com/c/TheTrainingSpace">https://www.youtube.com/c/TheTrainingSpace</a></p> <p><b>Alternative task:</b></p>  <p><b>Story starter!</b>            Complete the following story using the image as inspiration. Before that day, though, the children had much work to do. They had to train their dragon!</p> <p><u>You can select whether you want to do the virtual lesson or the alternative task.</u></p>	<p>'The Write Stuff' virtual lesson link: 9.45am <a href="https://www.youtube.com/c/TheTrainingSpace">https://www.youtube.com/c/TheTrainingSpace</a></p> <p><b>Alternative task:</b></p>  <p>'Computer games encourage laziness, pointless fantasy and are valueless.
